#### **Economic Outlook**

Global economy continued to remain in doldrums in the past year. During the year gone by, central bankers across the globe other than the US, resorted to monetary easing measures to boost the economy. However, the global economy continued to remain fragile with the second largest economy China witnessing a huge slowdown. Even crude prices continued to slide sharply on oversupply issues and this has further weighed down on the global recovery.

The Indian economy has been on a relatively sound footing, registering the fastest growth in FY 15-16. However, problems such as a weak investment climate and tepid earnings growth continue to plague the economy. The banking sector, being the barometer of the economy, is reflective of the weak macro-economic variables. The Indian banking system continued to battle falling asset quality issues and the need to maintain capital adequacy in the light of increase in bad loans.

The banking sector recorded slowdown in balance sheet growth for the fourth year in a row in FY 15-16. The slowdown was on account of sluggish credit offtake that slipped to single-digits during the year.

#### **Monetary Policy Highlights**

RBI in its first bi-monthly Monetary Policy Statement 2016-17, delivered 25bps of repo rate cut. With the growth-inflation outlook remaining benign another 25bps of repo rate cut this year is expected. More positively, the MSF cut by 75bp along with the liquidity easing measures especially the reduction of minimum daily CRR maintenance should help money market rates ease significantly. Further, additional Open Market Operations (OMO) purchases should provide the much needed relief to the bond markets.

The central bank projects inflation to be around 5% by the end of 2016-17, on the assumption of normal monsoons and current price levels of crude oil and exchange rates. The GVA growth estimates for FY 16-17 is projected at 7.6% notwithstanding significant headwinds, and growth is expected to strengthen gradually in FY 17-18.

#### Dividend

The Board of Directors has recommended a dividend at 12% p.a. on Equity Share Capital and a dividend of 10.5% p.a. on Perpetual Non-Cumulative Preference Share Capital for the year ended March 31, 2016.

#### **Share Capital**

The Paid-up Equity Share Capital of the Bank as on March 31, 2016 was ₹82.60 Cr. being the contribution of 1,72,583 members.

#### **Operations**

Deposits increased to ₹13,678.84 Cr. during the FY 2015-16, depicting a net increase of ₹1,211.09 Cr. (9.71%) from ₹12,467.75 Cr. as on March 31, 2015.

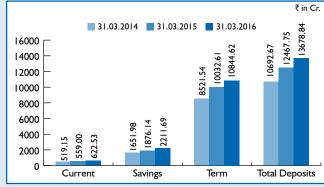

During this financial year the Bank has continued its focus on marketing CASA Products along with launch of new products and services.

Implementation of these processes has helped the Bank in increasing efficiencies, better compliances and bringing down operating costs.

#### Credit

Credit growth during the financial year decelerated on the back of elevated inflation and economic slow-down however, the Bank's Advances portfolio increased to ₹8,854.77 Cr. during the financial year 2015-16, depicting a net increase of ₹900.41 Cr. (11.32%) from ₹7,954.36 Cr. as on March 31, 2015.

During the year the Bank in addition to its focus on MSME sector advances, forayed for a share in large corporate advances yielding good responses.

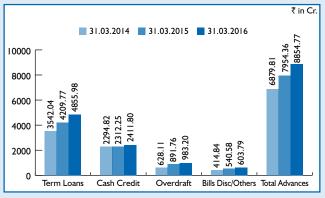

The Bank's continued focus on its retail Advances is yielding good response. The Bank has reported a strong growth in Retail

advances, which grew a healthy 19.24% per cent year-on-year. The Bank expects retail segment to drive loan growth in FY 16-17, too.

The various retail products of the Bank, viz. Good Homz, Vehicle Finanz, SVC Office Mortgage Loans, Gold loans and Hello Doctor were robustly marketed.

Group loans segment i.e. personal & utility loans to employees of institutions and companies, evoked good response during the year.

#### **MSME Business**

The MSME sector would be the cradle for the "Make in India" vision of the government and would play an important role in making it a success.

The micro, small and medium enterprise (MSME) sector is crucial to India's economy. A recent IFC study on MSME finance in India indicates there are 29.8 million enterprises in various industries, employing 69 million people. This sector accounts for 45% of Indian industrial output and 40% of exports. Thus there is a large scope ahead for business expansion.

The Bank's contribution to this segment is consistent and stands at 70% of advances portfolio.

#### Post Sanction Monitoring (PSM) Cell

An exclusive Post Sanction Monitoring Cell has been put in place. The loan review mechanism articulated in the Credit Monitoring Policy covering the entire gamut of review and monitoring as an effective tool for evaluating the loan book continuously. It also intends to bring out qualitative improvements in credit administration, including Credit Audit/ Prerelease Audit, duly administered by the Credit Administration and Monitoring Wing.

Countries all over the world have taken up initiatives to combat offshore tax evasion and stashing of unaccounted money overseas. Towards this end countries have entered into agreements with each other for automatic exchange of information pertaining to such unaccounted resources.

USA enacted the Foreign Account Tax Compliance Act (FATCA) in 2010 which aims to combat tax evasion by US persons opening accounts offshore. India and USA have signed an Inter-Governmental Agreement (IGA) on 9th July 2015 for reporting under FATCA. India has also joined the Multilateral Competent Authority Agreement (MCAA) on 3rd June 2015 for reporting to countries other than the USA, under the Common Reporting Standard (CRS).
